# KT3 order picking trolley

*Customise your order picking trolley and order today!*

**With our fast delivery programme**, you can order up to 25 KT3 order picking trolleys. No matter whether each trolley with the same or different equipment. With us you can configure your fleet according to your needs.

**Shipping within  
15 working days after  
order confirmation!**

**Once we have confirmed your order**, your trolleys will be prepared and assembled. We guarantee that the trolleys will then be dispatched from us within fifteen working days.

**Freely configurable!**

Follow this link to the **online configurator** for a preview of your desired trolley!

## The basic model

**Standard equipment:** Chassis made of square tubing with welded bottom tray. Side panels made from square tubing frame with wire grid, inserted into chassis and screwed into place.

**Castors:** 4 Wanzl swivel castors, Ø 125 mm, rubber tread. Including deflector rings made of rubber. Also available with swivel castor set with 2 brakes or 2 fixed castors.

**Finish:** High-gloss galvanised and chrome-plated.

Length (mm)	900	1,300	1,700
<b>Total load capacity (kg)</b>			
Basic model with rear panel	200	300	300
Basic model without rear panel	100	150	150
Load capacity per shelf (kg)	75	75	75

**As standard:**  
The quality swivel castor from Wanzl

**Optional:**  
2 swivel castors with brakes or 2 fixed castors

# Your equipment options in the fast delivery programme

## Basic dimensions

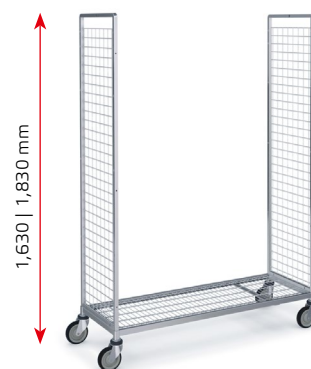

Length 900 | 1,300 | 1,700 mm

Width 467 | 625 mm

Height 1,630 | 1,830 mm

## Static elements <sup>1</sup>

### Screw-in wire shelf <sup>2</sup>

The **wire shelf** is screwed in between the two side panels on the top end. Mesh size 100 x 30 mm.

### Connecting tube

The **connecting tube** is screwed in between the two side panels on the top end.

### Rear panel grate

The **rear panel grate** gives the trolley greater stability and prevents the goods from slipping through. Mesh size 50 x 50 mm.

## Further accessories available in the fast delivery programme

Nothing that fits? You will find our extensive range of accessories with standard delivery time at [www.wanzl.com/kt3](http://www.wanzl.com/kt3)

### Wire shelf <sup>2</sup>

The **wire shelves** can be hung in height at 50 mm intervals. Mesh size 100 x 30 mm.

### Push bar handles (pair)

Made of **steel pipe** and coated in plastic. Available colours: RAL 5002 ultramarine blue and RAL 3000 flame red.

### Step

**Hinged step** with 3 steps. Made of metal.

### Writing board

**Attachable.** The inclination angle is adjustable. With clamping strip.

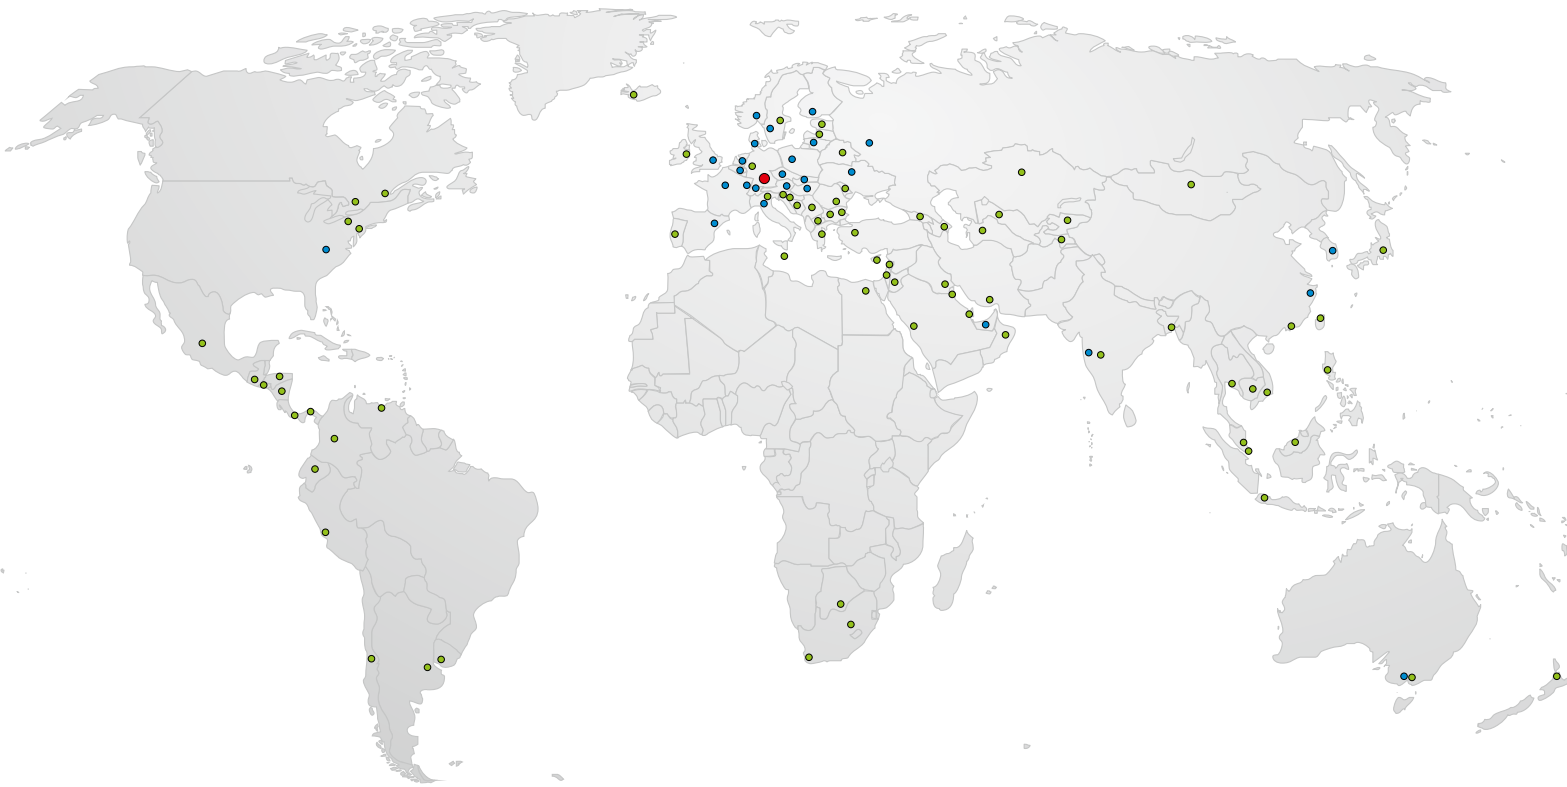

### Fifth castor

**Mechanical version.** The trolley can be rotated 360° on the spot.

<sup>1</sup> A static element must be used with loads of 50 kg or more or when using a ladder.

<sup>2</sup> The fast delivery programme only includes wire shelves without raised edges.
