

## SMART EXIT

Convenience and safety in the self-checkout zone

# | SMART EXIT

Simple! Quick! Safe!

↓ SMART EXIT ensures a smooth exit

■ **Smart Exit** ensures safety and convenience in the checkout (SCO) area.

Wanzl AI sensors assign anonymous ID's, monitor, verify, and manage processes in the SCO area, making shopping as convenient as it is safe. After paying at the SCO terminal, customers leave the store via the exit gate. No need to scan receipts, Smart Exit communicates with all Wanzl exit gates to open the exit gate automatically.

↑ **INTELLIGENT SENSORS AND AI** monitor the checkout area

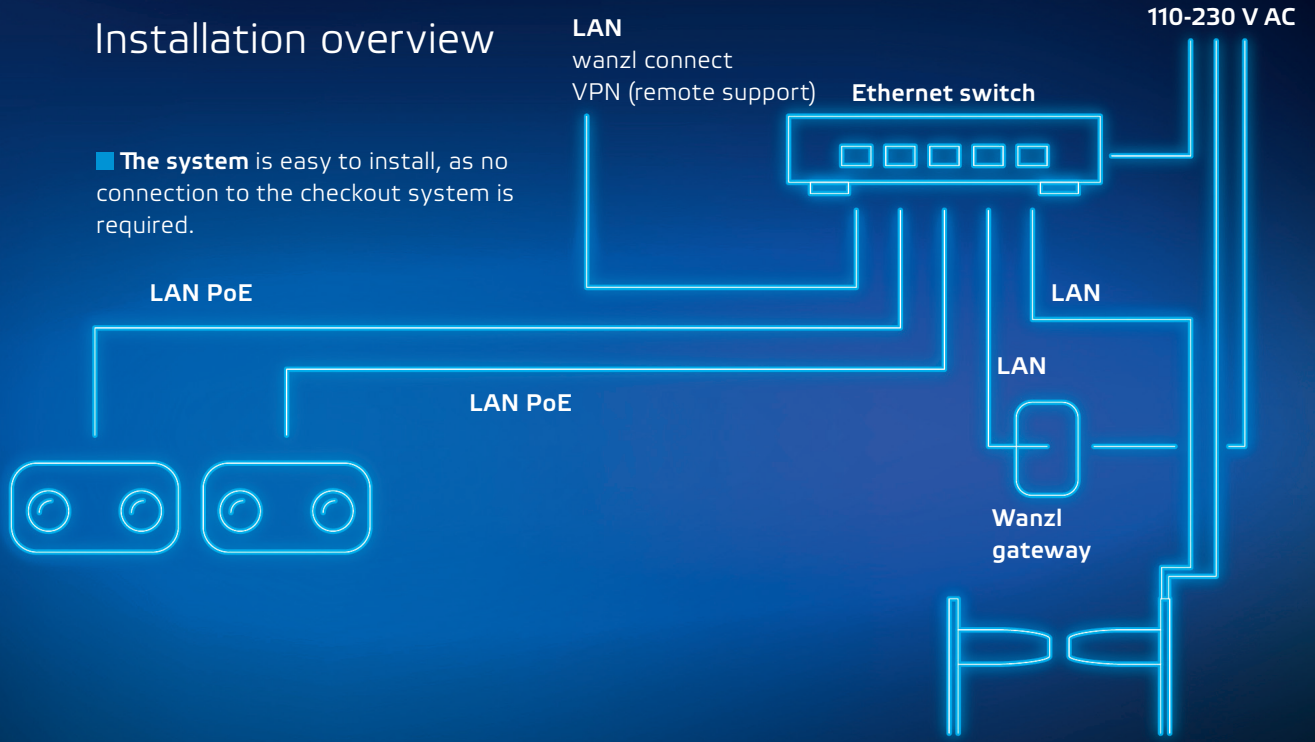

- ↑ **WANZL AI AND SENSORS** monitor and control
- customer entry to the self-checkout zone
  - customer scanning of purchases
  - exit gate opening

- ← **SCANNING** at the SCO terminal

# SMART EXIT

## Installation overview

■ **The system** is easy to install, as no connection to the checkout system is required.

### Camera sets

Coverage area per camera:  
 15.39 ft x 9.67 ft  
 Overlap 1.64 ft  
 Mounting height 11.48 ft

### Set of 2 cameras

### Set of 4 cameras

Coverage area of camera: 17.72 ft x 15.39 ft = 272.53 sqft 9.68 ft x 29.13 ft = 281.98 sqft 17.72 ft x 29.13 ft = 516.18 sqft 15.39 ft x 33.79 ft = 520.03 sqft

## Software packages

### BASIC

- Web interface
- Live overview
- Zone visualization
- Current SCO occupancy
- Customer release
- Exit gate control
