Roller basket with a large basket volume

GT®60 eco / GT®60

Roller basket with a large basket volume

- > *Practical roller basket suitable for a wide variety of industries*
- > *High level of shopping convenience, even when loaded*
- > *Attractive colours and customisation*

GT60 ECO

The practical roller basket is easy to pull and is the ideal supplement to the shopping trolley.

Flexible use

The GT60 eco and GT60 roller baskets are perfect for every store format.

Pet shops, DIY and garden centres, electronics and toys or grocery stores – the roller basket is the perfect transport solution for your customers.

SPACE SAVING

Stacked into one another, the roller baskets require little storage space.

GT60 eco – colours

The GT60 eco is available in four attractive handle colours. The basket comes in jet black.

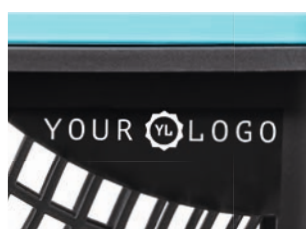

High level of shopping convenience

The roller basket impresses with its quiet and smooth running. Even when loaded, it is easy to steer, pull and push.

Customisation

As an option, the roller basket can be customised in the colour and labelling of your choice.

Theft protection

The roller basket can be fitted with an AM/RF article surveillance system. The cover can be used as a bag hook at the same time.

GT®60 eco / GT®60

■ **Shopping is really fun** with the robust and stable roller basket. Its attractive design stands out and the colourful handles make it a real eye-catcher. The generous basket with a volume of over 60 litres offers sufficient space for purchases making it a practical companion in many store formats.

Conserves resources!
The appealing basket of the GT60 eco is made from recycled and recyclable materials.
