

## **|** SERVICE FOR TRAVELATOR SHOPPING TROLLEYS

Safety from the very start

# | WANZL SERVICES

## Safety from the very start

■ **The optimum functioning of your travelator shopping trolleys from the very start** and regular inspection of the whole system, guarantee compliance with the safety requirements and ensure non-stop functionality of the shopping trolleys for your customers.

Here at Wanzl, with our experienced team of specialists, we offer you professional advice to assist with the selection of suitable products, commissioning, usage, maintenance, repair, monitoring and the relevant documentation.

### ↑↑ ADVICE SERVICE

Wanzl is happy to visit you on site in order to take into account your environment when selecting the right system for you.

### ↑ THE SAFETY OF SHOPPING TROLLEYS USED ON TRAVELATORS

depends on the use of appropriate components and correct user behaviour. When you opt for shopping trolleys and accessories from Wanzl you have chosen a tried-and-tested system for travelators. Our info signs, for example, provide your customers with information on correct usage. They prevent accidents and provide protection against possible liability claims.

#### → SPARE PARTS SERVICE

Wanzl genuine spare parts are perfectly adapted to shopping trolleys and travelators. They guarantee optimum functioning and a long service life. Genuine spare parts from Wanzl are manufactured in accordance with strict quality guidelines. Using Wanzl original spare parts ensures fault-free operating processes and smooth customer traffic. They also protect you against claims for liability arising due to product-related accidents.

#### ↑ BEST SPARE PARTS

Only genuine spare parts guarantee highest safety.

#### ↓ WANZL SERVICE TEST BADGE

The seal of quality for reliable and functioning shopping trolleys.

#### ↓ MAINTENANCE AND REPAIR SERVICE

Wanzl prevents problems, rectifies defects and keeps everything running smoothly.

Because only a fully functional shopping trolley can generate sales. **Shopping trolleys used on travelators** have to withstand very challenging conditions. The regular inspection of trolleys must thus be carried out according to the DIN EN 1929 standard. Daily visual inspections by the operator and professional maintenance carried out at least every six months are important elements in the documentation required for your insurance cover.
